Item names are the in-game (English) names. Theoretical DPS = damage × fire rate ÷ 60, without crit or effects: a comparison hint, not an in-game value. « summary » marks text reconstructed from guides rather than the exact in-game text.

0. Recommended builds

Four PvE builds. The first is the most destructive; the second is for status-immune bosses (Forsaken Giant); the third is a support tank that lets teammates deal the damage; the fourth is a Bounce sniper built around weakspot hits. All are preloaded in the planner's « My build » tab and in the Excel Build sheet.

Burn — KVD Boom! Boom! (recommended)

Slot	Item	Stats	Mod	Effect
Primary weapon	KVD - Boom! Boom!	168 dmg · 500 rpm · 100 rounds	Burning Wrath <Deviant Energy>	18% chance to trigger Burn with a hit. Killing any enemy affected by Burn causes an explosion that deals Blaze DMG of 300% Psi Intensity. The explosion will inflict 1 stack of Burn on hit targets. Blaze DMG +30%.
Secondary weapon	Recurve Crossbow	1072 dmg · 125 rpm · 1 rounds	Vulnerability Amplifier <Precision>	Hitting a weakspot will inflict The Bull's Eye on the target, causing all weapons to have Crit Rate +15% vs. targets with The Bull's Eye for 10s. Effect only works once on the same target within 15s.
Helmet	Shelterer Hood	60 HP · Shelterer	Deviation Expert <Deviant Energy>	
Mask	Shelterer Mask	30 HP · Shelterer	Blaze Amplifier <Deviant Energy>	
Top	Shelterer Jacket	156 HP · Shelterer	Resist Advantage <Survival>	
Gloves	BBQ Grill Gloves	81 HP · Key Armor	Elemental Overload <Deviant Energy>	Burn damage frequency increases with the number of stacks, up to 100%.
Bottoms	Shelterer Pants	144 HP · Shelterer	Status Amplification <Deviant Energy>	
Shoes	Heavy Duty Clothing Boots	108 HP · Heavy Duty	Steady Hand <Deviant Energy>	
Deviation	Pyro Dino	—	—	Breathes fire on enemies.

Mods: one per slot, <Deviant Energy> variant (Psi Intensity) everywhere except the top <Survival>. Weapon alternatives: Flame Resonance (+2 max stacks) or Embers. Overrides: Automatic Weapon Enhancement, LMG Reload Boost, Heat Agglutination, Blazing Detonation, Prairie Fire Inferno, Sustained Suppression, Elemental Sense. Calibration: Status DMG / Psi Intensity then crit. Pyro Dino triggers explosions on burning targets and does most of the boss damage. Glove alternative: Hardy Gloves (300% Psi explosion at max stacks). Budget ≈ 16,500 Starchrom.

Shrapnel — SOCR The Last Valor (status-immune bosses)

Slot	Item	Stats	Mod	Effect
Primary weapon	SOCR - The Last Valor	174 dmg · 515 rpm · 30 rounds	Shatter Them All <Precision>	4% chance to trigger Shrapnel with a hit. Crit hits counts as 2 hits. Crit hits grant Shrapnel trigger chance +1 for 1s. Shrapnel Crit DMG +30%.
Secondary weapon	Recurve Crossbow	1072 dmg · 125 rpm · 1 rounds	Vulnerability Amplifier <Precision>	Hitting a weakspot will inflict The Bull's Eye on the target, causing all weapons to have Crit Rate +15% vs. targets with The Bull's Eye for 10s. Effect only works once on the same target within 15s.
Helmet	Cage Helmet	60 HP · Key Armor	First Move Advantage <Precision>	Shrapnel Trigger Count +1.
Mask	Lonewolf Mask	30 HP · Lonewolf	Shrapnel Carnage <Precision>	
Top	Lonewolf Jacket	156 HP · Lonewolf	Resist Advantage <Survival>	
Gloves	Lonewolf Gloves	90 HP · Lonewolf	Crit Amplifier <Precision>	
Bottoms	Lonewolf Pants	144 HP · Lonewolf	Deadshot <Precision>	
Shoes	Lonewolf Shoes	120 HP · Lonewolf	Steady Hand <Precision>	
Deviation	Lonewolf's Whisper	—	—	Designated Target. Auto Attack. Pulls enemy aggro, spawns a clone of itself when its target dies, and increases Weapon DMG received by its target.

Mods: <Precision> variant (Weakspot DMG) everywhere except the top <Survival>. Mask alternative: Explosive Shrapnel (20th Shrapnel explodes, +300%). Overrides: Rifle Amplify, Precise Shot, Automatic Weapon Enhancement. Lonewolf 5 pieces = universal crit; Cage Helmet = Shrapnel Trigger Count +1. Lonewolf's Whisper draws aggro and increases Weapon DMG taken by the target (+21.6%). Universal build #2, reuses the Recurve Crossbow.

Tank — DB12 Raining Cash + Savior (support)

Slot	Item	Stats	Mod	Effect
Primary weapon	DB12 - Raining Cash	212 dmg · 105 rpm · 12 rounds	Durable Territory <Survival>	Reloading triggers Fortress Warfare, cooldown 10s. The longer Fortress Warfare is maintained, the higher the Attack, up to +40%. While in Fortress Warfare, Crit Rate +30%. While in Fortress Warfare, DMG Reduction +30%.
Secondary weapon	Recurve Crossbow	1072 dmg · 125 rpm · 1 rounds	Recover Mark <Survival>	Hitting a weakspot will inflict The Bull's Eye on the target, causing all weapons to have Crit Rate +15% vs. targets with The Bull's Eye for 10s. Effect only works once on the same target within 15s.
Helmet	Savior Hood	60 HP · Savior	Overflow <Survival>	
Mask	Savior Mask	30 HP · Savior	Light Cannon <Survival>	
Top	Savior Jacket	156 HP · Savior	Ardent Shield <Survival>	
Gloves	Stormweaver Gloves	90 HP · Stormweaver	Lifeforce Boost <Survival>	
Bottoms	Savior Pants	144 HP · Savior	Reload Rampage <Survival>	
Shoes	Leather Boots	108 HP · Key Armor	Ruthless Reaper <Survival>	Recover 2.5% HP per second while in Fortress Warfare. Effects doubles when HP is below 50%.
Deviation	Festering Gel		—	Flawless Fortification. Build Fortification (heal + sanity regain).

Mods: <Survival> variant (HP) everywhere. Fortress Warfare (DB12 reload): DMG Reduction +30% and Weapon DMG +20% for allies inside the zone; Leather Boots regenerates 2.5% HP/s inside (5%/s below 50% HP). Savior 3 pieces = permanent 6% HP shield on every hit, 4 pieces = auto-heal below 30%. Ardent Shield = -15% damage while shielded. Festering Gel builds a shelter healing allies 6% HP/s and 3% Sanity/s (alternative: Dr. Teddy to revive). Overrides: Shield Protection, Resilience (shield takes 30% less), Deviant Energy Defense, Dexterity, Rapid Aid, Deadly Combo. Skin: Hide (Max HP) or Mountain Cowhide (Crit DMG reduction). Budget ≈ 8,000 (DB12) + 4 × 2,000 (Savior) + Leather Boots.

Sniper Bounce — HAMR Brahminy (your build)

Slot	Item	Stats	Mod	Effect
Primary weapon	HAMR - Brahminy	840 dmg · 85 rpm · 8 rounds	Multi-Bounce <Precision>	80% chance to trigger Bounce when hitting a Weakspot. When Bounce hits a Weakspot, there is a 35% chance for it to continue to ricochet. If Bounce does not defeat an enemy or there is no target, the next 1 bullets Weapon DMG +20%, up to 5 stacks. Bounce will prioritize enemies with higher HP.
Secondary weapon	Recurve Crossbow	1072 dmg · 125 rpm · 1 rounds	Vulnerability Amplifier <Precision>	Hitting a weakspot will inflict The Bull's Eye on the target, causing all weapons to have Crit Rate +15% vs. targets with The Bull's Eye for 10s. Effect only works once on the same target within 15s.
Helmet	Bastille Helmet	60 HP · Bastille	Momentum Up <Precision>	
Mask	Renegade Mask	30 HP · Renegade	Break Bounce <Precision>	
Top	Renegade Jacket	156 HP · Renegade	Resist Advantage <Survival>	
Gloves	Renegade Gloves	90 HP · Renegade	Weapon Amplifier <Precision>	
Bottoms	Sharp Blade Pants	144 HP · Key Armor	Reload Rampage <Precision>	When Triggering Bounce , additionally trigger 1 more time.
Shoes	Bastille Shoes	120 HP · Bastille	Covered Advance <Precision>	
Deviation	Mini Feaster		—	Designated target. Touch of the Abyss (summons tentacles 5s cd, player bounce effects creates tentacles 1.5s cd, +17% Weapon dmg per tentacle max 70%).

Mods: <Precision> variant everywhere except the top <Survival>: Multi-Bounce (weapon), Momentum Up, Break Bounce, Weapon Amplifier, Reload Rampage, Covered Advance. HAMR - Brahminy: 80% chance to Bounce on a weakspot hit (ricochet at 60% of Attack, 35% chance to bounce again); each missed Bounce gives the next bullet +20% Weapon DMG (max 5). Always aim for the weakspot. Secondary weapon: Recurve Crossbow (Vulnerability Amplifier) or AWS.338 - Bullseye to mark the boss. Calibration: Weakspot DMG. Food: Mixed Fried Hot Dog. Skin: Golden Wool. Fine-tune mods and calibration in the planner's « ⚙ Optimizer » tab.

1. Legendary weapons

AUG - Electron Cloud — Assault Rifle · **Legendary**

Damage 132	Fire rate 720 rpm	Theoretical DPS 1584	Magazine 40	Crit rate 10%	Crit DMG 25%
Weakspot 60%	Eff. range 26m	Reload 2.3s	Mobility 60	ADS 0.21s	Ammo Rifle Ammo

Effect : When hitting with a weapon, there is a 30% chance to apply Power Surge to the target. The first weapon hit after reloading creates an electromagnetic status zone with a radius of 4m centered on the target (max 1 at a time) lasting 7s. When triggering Power Surge on a unit withing the zone, 1 electric orb is generated moving in a random direction within the zone. When an electric orb hits an obstacle or an enemy, it bounces, with a single orb bouncing up to 10 times. If it hits an enemy unit, it also deals Shock Elemental DMG of 42% Psi Intensity. Shock Elemental DMG +30%.

KAM - Abyss Glance — Assault Rifle · **Legendary**

Damage 150	Fire rate 600 rpm	Theoretical DPS 1500	Magazine 40	Crit rate 6%	Crit DMG 30%
Weakspot 55%	Eff. range 27m	Reload 3.1s	Mobility 51	ADS 0.23s	Ammo Rifle Ammo

Effect — Frost Vortex : Hitting enemies 20 times triggers Frost Vortex. Weakspot hits count as 2 hits. The closer to the center of the Frost Vortex, the higher the Frost Vortex DMG, up to +200%. Frost DMG +30%.

Crafting (Weapon Bench) : Rifle Receiver I ×1, Legendary Pneumatic Action I ×1, Fixed Stock I ×1, Standard Barrel I ×1

Compatible overrides : Rifle Amplify, Precise Shot

M416 - Silent Anabasis — Assault Rifle · **Legendary**

Damage 126	Fire rate 750 rpm	Theoretical DPS 1575	Magazine 36	Crit rate 6%	Crit DMG 27%
Weakspot 60%	Eff. range 26m	Reload 2.3s	Mobility 55	ADS 0.22s	Ammo Rifle Ammo

Effect — Frost Vortex / Ice Crystals : 10% chance to trigger Frost Vortex on hit. Hitting a target with Frost Vortex generates an Ice Crystal. Cooldown: 1.5 seconds. Ice Crystals automatically shatter after 15 seconds, dealing Frost Elemental Status DMG equal to 100% Psi Intensity to nearby targets (Frost Vortex DMG bonus applies). Ice Crystals can also be shattered by shooting them, which increases the DMG they deal to 300% Psi Intensity (deal 60% DMG instead to players). Increases Frost Elemental DMG by 60%. Increases it by an additional +20% for every Ice Crystal shattered for 10 seconds, stacking up to 15 times.

Compound Bow — Crossbow · Legendary

Damage 1192	Fire rate 90 rpm	Theoretical DPS 1788	Magazine 1	Crit rate 2%	Crit DMG 28%
Weakspot 70%	Eff. range 19m	Reload 2.6s	Mobility 60	ADS 0.21s	Ammo Arrow

Effect : Gain Crit Rate +10% and Reload Speed +6 upon hitting a target. This effect stacks up to 3 times and lasts for 6s. Upon defeating a target, gain the maximum number of stacks. At max stacks, enhanced Unstable Bomber is triggered upon hitting a target (can Crit and causes the target to lose balance). Every shot fired increases Unstable Bomber's DMG by 3%, stacking up to 6 times. If a shot misses, existing stacks are halved. Hitting a Weakspot has a 40% chance to automatically reload 1 crossbow bolt.

Crafting (Weapon Bench) : Copper Ingot ×10, Metal Scraps ×15, Rusted Part ×6, Shabby Fabric ×4, Stardust Source ×15

Compatible overrides : Crossbow DMG Boost, Speedy Shot, Long-Range Enhancement, Anti-Phase, Anti-Coherence: Crossbow

Compound Bow - The Burden of Betrayal — Crossbow · Legendary

Damage 510	Fire rate 65 rpm	Theoretical DPS 552	Magazine 1	Crit rate 5%	Crit DMG 45%
Weakspot 25%	Eff. range 19m	Reload 1.8s	Mobility 58	ADS 0.22s	Ammo Arrow

Effect : Attacks always trigger Bounce. Bounce targets +2. Number of Bounces +1 and an addition +1 at full charge. Reload Efficiency +100% When a hit or a Bounce hit lands applies 1 stack of Echo to the target Echo: Max 4 stacks. Displays a highlighted visual effect when at max stacks lasting 15s. At full charge, Bounce DMG +20% and Crit Rate +25%. When a Bounce hit lands, deals additional Bounce Weapon DMG equal to Echo stacks x80%. Cooldown per target: 1s. After triggering removes all Echo Stacks from the target. If there are no enemies to Bounce to after a hit, number of Bounces +2.

Critical Pulse — Crossbow · Legendary

Damage 1192	Fire rate 90 rpm	Theoretical DPS 1788	Magazine 1	Crit rate 2%	Crit DMG 28%
Weakspot 70%	Eff. range 19m	Reload 2.6s	Mobility 60	ADS 0.21s	Ammo Arrow

Effect — Power Surge : Triggers continuous Power Surge on hit, with a 70% chance to generate deviated particles near the player (pick them up to enter a charged state). Continuous Power Surge can trigger every 0.5s within 3s on the current target. Higher stacks shorten the interval (minimum 0.26s), stacking up to 5 times (dealing 60% DMG to the player). While in a charged state, hitting a target consumes one charge to create an orb of lightning: dealing Shock Elemental Status DMG of 75% Psi Intensity to targets within 5m every 0.5s. This damage benefits from Power Surge DMG bonuses and has a 5% chance to generate deviated particles lasting for 3s. Shock Elemental DMG bonus +30%.
